Participant Comments

"I am so uplifted by my experience in the Facilitator Skills Workshop. My confidence in facilitating has definitely gone from 'zip' to 'POW!' Thanks for the encouragement and feedback – both positive and in what I need to improve."

"The workshop filled me with confidence and I can't wait for my next facilitation process, as I know that what I learned this week will benefit others as I put Behavioural Facilitation into practice!!"

"You gave me the confidence to Shine!"

"I don't think I learned more in a set of time since the first year of my life. I have grown."

"More than I could have asked for..."

About the Certificate

With an emphasis on continuous learning and keeping participants actively engaged, workshop facilitators must not only get their knowledge out to the audience but more importantly be able to get it 'into the audience'.

The need for proven and practical workshop facilitation skills is critical if facilitators are to effectively motivate learners, encourage participation and promote on-the-job application of learning. In the Practical Workshop Facilitation Skills Certificate program, individuals will affirm, enhance and develop effective facilitation skills.

The 5-day Practical Workshop Facilitation Skills Certificate is a highly interactive program that incorporates hands-on exercises, role-plays group discussions.

"This is a great course for anyone who needs to teach people something new & get them engaged in actually doing it. I'd been looking for a course of this caliber for about 2 years; the only one I found would have required me to fly to the US for a week. This course definitely exceeded my expectations. I walked away from this training session feeling pumped up and raring to go!"
